

## Judges Instructions

Kid-Que judging will begin at 5:45. We will serve you a few pieces of steak from each team (plates and silver wear are provided). We will start with box 1 and continue in order. Please judge each box solely on the taste and texture and give it a score between 1 and 50. You will have two minutes to try the steak and decide on the score. Please write your score in the corresponding box on your scoring sheet. We will give you a thirty second warning before we move onto the next box of steak.
